

# 10x14 Gable

Call toll-free: 1.866.297.3760

The 10x14 Gable is a no frills storage building, strong enough to handle harsh New England weather and every day use. A beefy heavy duty shed with hefty 2x6 full-dimensioned hemlock floor and roof framing, this building features attractive trim details and a generous roof overhang that offers better protection from the elements. Standard with two hinged 2x2 barn sash windows, a pressure treated ramp and a wooden louvered vent, this structure is aesthetically pleasing as well as utilitarian.

With 140 sq./ft. of usable space, the cottage has plenty of room for both his and her needs. When sheltering a heavy tractor take into consideration the floor system, and the door height clearance. It sometimes works best to eliminate the floor or beef up the floor framing by requesting 16" on center joists and 3/4" plywood flooring. The door clearance should allow the height of the roll bar to clear.

**Specifications:**

**Square Footage:** 140 sq/ft

**Overall Dimensions:** 10'6" H x 11'2" W x 15'2"

**Recommended Foundation:** 3"-4" of crushed gravel
