

4 x 10 Garbage Shed

Call toll-free: 1.866.297.3760

Originally designed as a garbage shed strong enough to withstand the pesky critters that frequent our area, this little building is practical for many uses. The two sets of double doors allow for easy access making it effortless to separate your garbage and recycling. Use this little shed as a great storage area for bicycles or small yard tools.

Hand made in Vermont, from native rough sawn hemlock and pine lumber, this cottage is delivered fully assembled to your prepared site. Rugged post and beam techniques, passed down through the centuries, are used to construct this sturdy picturesque retreat, reminiscent of old New England. Have your own Vermont cabin in the woods!

All of our wood sheds, storage sheds, outdoor storage sheds, garden sheds, storage shed kits, cottages and utility enclosures are built of the finest Vermont lumber and handcrafted for long life and durability. New England weather can really put a wood garden shed or cottage to the test, and Jamaica Cottage Shop's products have proven to stand the test of time and strength.
