

8 x 12 Doll House

Call toll-free: 1.866.297.3760

This adorable 8x12 Dollhouse is a beautiful playhouse with an overall height of ten feet. It can be converted to a very attractive storage shed when the kids out grow it. Reminiscent of old Victorian houses, the steep rooflines and graceful dormer add a fresh style to boring backyard sheds. The two 2x2 opening windows fill the 96 square feet with lots of light making this quaint little cottage irresistible for the kid inside us all. The single door in the dormer is complemented with large double doors on the gable end allowing bulky items to fit in the shelter.

Hand made in Vermont, from native rough sawn hemlock and pine lumber, the pre-cut lumber package includes all fastening hardware, roofing, and step-by-step plans. Rugged post and beam techniques passed down through the centuries are applied to pre cut and notch this kit into a sturdy picturesque house reminiscent of old New England. Designed for the beginner to beginner carpenter the kit pieces are color coded, part numbered and detailed in an exploded view.

The pre-cut kit will be delivered curbside by common carrier. It is recommended to have helpers on hand to unload. Basic carpentry tools are required; the kit is geared to beginner carpentry skills. Technical support is provided via our toll free support line. Step by step plans may be purchased separately. Pictures of client-modified kits do not depict option A designs and may contain windows, doors, siding or hardware not included in the pre-cut kit.
